(904) 525-0460 / alexfrias1226@gmail.com
507 Aquatic Drive, Atlantic Beach, FL 32233

Education:

University of Pennsylvania, Philadelphia, PA   May 2017
Bachelor of Science, Engineering   Major: Computer Science, Minor: Math - GPA: 3.31
Select Coursework: Algorithmic game theory, information security, Python, software design, A.I., intro to machine learning

Work Experience:

Pacesetter Technology, Ponte Vedra Beach, FL   May 2017 – Present
Partner, Product Success Leader   January 2019 - Present
Transitioned into leadership team role as product manager for a developer team ranging from 2-4 developers. Oversaw two-week sprint cycle, including running mid- and post-sprint reviews to ensure sprint goals were reached. Proactively worked to ensure product vision was growing to meet the needs of our clients over the next 2+ years, while still completing more urgent client needs.

Partner, Client Success   May 2017 – January 2019
Worked with clients on designing and configuring app to client's custom specifications. Acted as liaison between developers and clients to ensure milestones were met. Travelled to client's location to train and build relationships with clients.

Related Experience:

Technology Associate, Bridgewater Associates, LP, Weston, CT   June 2016 – August 2016
Interned for 10 weeks within the Client Service Department on a two-person developer team with a full-time project manager. Worked closely with team in the Client Service Department in improving the pipeline for delivering content to clients.

Teaching Assistant, CIS 190 C++ Programming, Philadelphia, PA   August 2015 – December 2015
Teaching Assistant, CIS 192 Python Programming, Philadelphia, PA   August 2016 – May 2017
Graded homework and projects, and ran office hours to help students with concepts taught in class. Hosted 2 lectures on A.I. with Python, and created homework project to complement lecture.

Summer Associate, NameJet LLC (subsidiary of Web.com), Jacksonville, FL   May 2015 – June 2016
Worked closely with the NameJet GM to create automated processes for analyzing historical company data with MySQL. Put together reports, and presented a summary of 7+ years of company analytics for Web.com executives and NameJet Board of Directors.

Relevant Skills: Data Analysis, Data driven thinking, Developing performance metrics, Python, SQL and MySQL Server, Java, Objective-C (basic), Android Studio, Xcode, Microsoft Office Suite
